Student/Parent Handbook Points of Emphasis for 2019-20

BUILDING ACCESS/SECURITY/STUDENT IDENTIFICATION. In order to maintain a safe and secure building, students must be in possession of their school ID at all times. Students will be required to show their school ID when entering the building during school hours. Students may not be allowed to enter the building during the school day without their ID. During school hours, students should only enter through the main lobby doors. Students shall not provide access to others by the opening of the locked, secure doors. Students may face disciplinary consequences if they are found to have provided unauthorized access to the school building.

BULLYING/HARASSMENT

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

- During any school-sponsored education program or activity.
- While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
- Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
- Through the transmission of information from a computer that is accessed at a non school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing the student or students in reasonable fear of harm to the student's or students' person or property;
- Causing a substantially detrimental effect on the student's or students' physical or mental health;
- Substantially interfering with the student's or students' academic performance; or
- Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence,

causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the district complaint manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

Complaint Manager(s):

Christina Hinds
Assistant Superintendent for Student Services
Mattawan Consolidated School
56720 Murray St.
Mattawan, Mi. 49071
(269)668-3361 x1770

Any student who is determined, after an investigation, to have engaged in intimidation or harassment will be subject to disciplinary consequences as provided in this handbook, including but not limited to, suspension and expulsion consistent with the school and district's discipline policy. Parents of students who have engaged in the above behavior will be notified. Any student making a knowingly false accusation regarding harassment may also be subject to disciplinary consequences.

CLOSED CAMPUS. Mattawan High School is a closed campus. Students may not leave campus at anytime during the school day without permission, including lunch.

RECORDING AGGRESSIVE ACTS (Verbal or Physical) BETWEEN STUDENTS or STUDENTS AND STAFF

Mattawan takes the safety of their student body and faculty very seriously. If an altercation takes place while on school property or at a school-sponsored event, any persons who choose to videotape the altercation instead of going to a responsible adult for help may be disciplined which could include suspension from 1-5 days depending on the severity of the altercation, the student's school discipline history, or whether the violation of recording by the student threatened the safety of any student or staff member.

MOTOR VEHICLE PRIVILEGES. Prior to operating a motor vehicle on school property, a student must complete the Student Motor Vehicle Operation form. A student who operates a vehicle on school property is considered to have given consent to search of the vehicle with or without cause by school officials or police officers. Search may include, but not limited to, the passenger compartment, engine compartment, trunk and all other areas and containers, locked or unlocked in the vehicle. A parent or guardian who grants permission for his/her student to operate a vehicle on school property is also considered to have given such consent to search of the vehicle.

RESTORATIVE JUSTICE. A student may be removed from the classroom, suspended or expelled for persistent disobedience or gross misconduct. If suspension or expulsion for persistent disobedience or gross misconduct is considered, the Superintendent, along with the Building Administration, shall consider the following factors:

- A. the student's age

- B. the students's disciplinary history
- C. whether the student has a disability
- D. the seriousness of the violation or behavior
- E. whether the violation or behavior committed by the student threatened the safety of any student or staff member
- F. whether restorative practices will be used to address the violation or behavior
- G. whether a lesser intervention would properly address the violation or behavior

The Superintendent, along with the Building Administrator, will exercise discretion over whether or not to suspend or recommend expulsion a student for persistent disobedience or gross misconduct. In exercising that discretion for a suspension of more than ten (10) days or expulsion, there is a rebuttable presumption that a suspension or expulsion is not justified unless the Superintendent, along with the Building Administration, can demonstrate that it considered each of the factors listed above. For a suspension of ten (10) days or fewer, there is no rebuttable presumption, but the Superintendent, along with the Building Administration, will still consider the factors.

SIGN IN/SIGN OUT. When arriving late to school, the student must sign in at the main office. When leaving early for an appointment, the student must sign out at the main office. Verification of the student's absence needs to be presented for the absence to be excused. Unexcused absences will result in disciplinary action.

STUDENT ACTIVITY ATTENDANCE. To be eligible to compete or participate in a student activity, including athletics, fine and performing arts, clubs and organizations, the participant must be in attendance at every class during the day of the event unless prior approval is received from an administrator. Receiving an unexcused absence in a class during the day renders a student ineligible to participate in school sponsored activities for the remainder of that day.

VAPING

Possession of E-Cigarettes/Vaping. Pursuant to Board Policy 5512 and to **State law**, the District prohibits the use or possession of all electronic nicotine delivery systems, including, but not limited to, electronic cigarettes, vape pens, vaporizers, and atomizers, in District buildings, on District property, on District busses or vehicles, and at any District-related event. Any student who uses or possesses an electronic nicotine delivery system including the components, parts, or accessories of the electronic nicotine delivery system, as defined by Board, will be subject to school discipline and **police referral (minors)**.

Possession and/or use of E-Cigarettes, Vape Pens (Electronic Nicotine Delivery Systems) or their components is prohibited. The Youth Tobacco Act 31 of 1915 has been updated to include: "... a minor shall not possess or attempt to possess a vapor product or alternative nicotine product. An individual who violates...is responsible for a state civil infraction or guilty of a misdemeanor...".

These items are those that have the most impact on student life at Mattawan.

ACCESS TO STUDENT RECORDS

Parents and guardians of students under 18 years of age and all students 18 years of age or over have the right, pursuant to the Family Educational Rights and Privacy Act of 1994, to examine official records, files and data of the school district directly relating to the student. They also have the right to challenge these records

to insure their accuracy and fairness. Procedures for such examination and challenge, including hearings on a challenge, are established by the Board of Education and will be made available upon request.

No educational records, files or data directly relating to an individual student shall be made available to anyone without the notification and consent of the student or the parents or guardian of a student under 18, except (1) the teachers and officials of this school district who have a legitimate educational interest in such information; or unless (2) there has been a federal request for submission of student records in connection with armed forces recruiting or the student's application for financial aid. If a student intends to enroll in a different school, records will be sent to that school only after parental of student consent is granted.

ADULT IN CHARGE

The designated adult in charge (i.e., teacher, substitute, bus driver, coach) will have primary responsibility for student behavior. The adult in charge will make clear their expectations for students and the obligation to assign reasonable consequences for inappropriate student behavior. If a student's behavior is such that s/he must be removed from a given setting and/or referred for administrative intervention, effort will be made to involve the parent(s) and auxiliary personnel when appropriate. Students who are asked to leave for administrative intervention must report immediately to the main office.

ADULT STATUS

A student, upon reaching 18 years of age, may establish adult status by completing the proper paperwork in the office. Circumstances where this would appear most appropriate are when a student is residing and financially supporting him/herself in a manner which is independent from guardian or parental assistance. The school will provide formal notification to the parent/guardian(s) of students who have requested adult status. The school reserves the right to contact parents at any time when the school deems it necessary. Declaration of adult status does not exempt the student from school policies and rules that apply to all students, with the following exceptions:

- Have the same privileges as parents to gaining access to one's own records.
- Represent themselves during disciplinary conferences and attendance hearings.
- Receive their own grade reports, if requested.

ARMED FORCES RECRUITING

The United States Armed Forces recruiters, including their reserve component and United States Coast Guard, have a right to access the high school campus and to student directory information, as is provided to other entities offering educational or employment opportunities to students. If a student or the parent guardian of a student submits a signed, written request to the school that indicates that s/he does not want the student's directory information to be accessible to official recruiting representatives, including the armed forces of the United States and the service academies of the armed forces of the United States, the school shall not allow access to the student's directory information. Annually the administration will notify male students age eighteen (18) or older that they are required to register for the selective service. The Director of Student Activities will assist students through the registration process.

ATTENDANCE

One of the desired educational outcomes of the District is for students to have the prerequisite knowledge, attitude, and skills with which to enter the workforce. These learning outcomes for each course of study are

established so students can demonstrate both willingness and ability to be punctual, to be present regularly at the learning site, to participate in the learning activities, and to complete assignments on time as directed.

A. **Need for Good Attendance.** Optimum learning occurs through a process of continuity of instruction, classroom participation, unique learning experiences and appropriate application of concepts. Regular attendance is necessary to meet all of these requirements. Students and parents are responsible for assuring consistent daily attendance. State law and Board of Education policy require daily school attendance except in cases of illness or other situations that would be interpreted as an excused absence.

B. **Definition of Attendance Codes.**

1. **Present (P)** shall mean when a student attends a minimum of 50 minutes of instruction in a given class.
2. **School Business (SB)** – Shall be any absence that occurs when authorized by a school administrator or designee. School business includes but is not limited testing, PALS, field trips, student activities, Technology Center visits, Senior Seminar mentoring, and Teen Heart. Absences from school for school business reasons will not count toward a student's total accumulated absences in any course. Students are responsible for any work that occurred during the time of the absence.
3. **Excused Absence (AE)** shall be an absence for which school approval has been granted based on compliance with applicable policies and procedures. This absence will typically be excused verbally or in writing by the parent/guardian. Excused absences include illness, bereavement, medical and court appointments, and prearranged absences (i.e., family vacations). Excused absences will count toward a student's total accumulated absences in each course.
4. **Unexcused Absence (AU)** shall be an absence which is not approved based on compliance with applicable policies and procedures including but not limited to a deliberate absence without the knowledge or consent of a parent or school employee, leaving class or the building without first receiving permission from a teacher/office staff, oversleeping, missing the bus, arriving to class over 10 minutes late, and every third tardy to a class. Unexcused absences will count toward a student's total accumulated absences in each course.
5. **Tardiness (TU)** shall be when a student arrives to class after the bell, but less than ten (10) minutes late.
6. **Time-Out (TO)** shall be when a student is sent to the office or ISR by the adult in charge of the class to minimize disruption, and/or provide a respite before resolving an issue.
7. **In-school Restriction (IS)** - Shall be when a student is assigned to the in-school restriction room either for the hour, the day, or possibly several days. Time spent while attending in-school restriction will not count toward a student's total accumulated absences in any course. Students will receive full credit for any work that is assigned while assigned to in-school restriction.
8. **Out-of-School Suspension (OS)** – Shall be when a student is assigned to out-of-school suspension for a period of time. Time spent while out-of-school due to suspension will not count toward a student's total accumulated absences in any course. Students will receive full credit for any work that is assigned while serving an out-of-school suspension.

C. **Reporting Absences.** The following procedure should be followed to excuse an absence:

1. The parent should phone the High School Office (668-3361, extension 8300) prior to 8:45 am on the day of the absence.
2. If a parent/guardian does not communicate by phone or in person, and the attendance secretary is unable to reach a parent/guardian, the student should present a written statement and/or confirmation of the cause of the absence to the office on the first day the student returns from the absence. An absence will be considered unexcused if the student does not present written

documentation within two school days of returning to school. Notes should contain the following information:

- a. Name and grade of the student
- b. Date(s) of the absence
- c. Specific reason for the absence
- d. Authorized Signature

- D. **Attendance Accounting Process.** A consistent process of parent contact shall be used to encourage, monitor and regulate student attendance at Mattawan High School.
1. Teachers will input attendance at the beginning of the period unless instructed to do otherwise.
 2. Individual daily attendance will be checked beginning at 10:00 a.m. for students marked absence, but whose parent/guardian has not been in contact.
 3. Notification of the accumulated absences and potential loss of credit will be communicated to a parent/guardian upon the seventh absence from a class.
 4. Upon the eleventh absence from a class, through any combination of excused and unexcused absences, including tardies, notification of loss of credit will be communicated to a parent/guardian.
 5. Students who are denied credit due to attendance will need to audit the class for the remainder of the semester to fulfill the first condition of the graduation requirement that states, "A student must be a full-time student for a minimum of four years, attempting, attending and completing classes totaling 24 credits."
 6. If the student is passing the course, the student will receive a "no credit" (NC) for the semester course. If the student is failing the course, the failing grade will stand and be entered on the student's transcript. A student with a NC recorded for a grade will not be eligible for honor roll or any other academic recognition, and may also jeopardize eligibility in student activities.
- E. **Attendance Appeal.** It is deemed reasonable for students not to exceed 10 absences from a class each semester under normal circumstances. If a parent/guardian feels that their daughter/son should not be denied credit for violating the attendance policy, a written appeal with verifying documentation of a serious, non-routine illness/circumstance must be submitted to the high school administration. An attendance review committee will review and discuss the written appeal, including extenuating circumstances that may have prevented the student from regularly attending class(es) to determine whether a waiver, conditional waiver, or conditional denial will be granted.
- F. **Attendance Test Out.** A student may earn credit in a course(s) where credit was denied by successfully testing out of a course. Testing out requires a student to pass the semester exam with a minimum grade of 77%. Where this is accomplished, the student receives credit toward graduation; however, they do not receive a letter grade. The student's transcript will denote a "Pass" (P) for credit.
- G. **Student Activity Attendance.** To be eligible to compete or participate in a student activity, including athletics, fine and performing arts, clubs and organizations, the participant must be in attendance at every class during the day of the event unless prior approval is received from an administrator. Receiving an unexcused absence in a class during the day renders a student ineligible to participate in school sponsored activities for the remainder of that day.
- H. **Sign In/Sign Out.** When arriving late to school, the student must sign in at the main office. When leaving early for an appointment, the student must sign out at the main office. Verification of the student's absence needs to be presented for the absence to be excused. Unexcused absences will result in disciplinary action.
- I. **Prearranged Absences:** Students who know ahead of time that they will be out of school for three (3) or more days should complete a Prearranged Absence form. This form is available in the Main Office. The

parent may request that teachers provide assignments to the office. The parent may pick up these assignments in the office. Pre-arranged absences are considered excused absences and count toward a student's total accumulated absences in each course.

- J. **Make-Up Work.** It is the student's responsibility to make arrangements with his/her teachers upon the first day back in class regarding making up assignments/assessments missed during the period of excused absence(s). The make-up work may not be due any earlier than the day after the student returns to class unless the student's first day of absence in a given instance occurs on a date previously announced by the teacher as a due date for a project, presentation, report, test, etc. In this case, the work may be due on the first day of return. In the event of a prearranged absence, make-up work may be required to be due prior to the absence. Students and parents are encouraged to ask a friend to take notes/collect work from a class, as well as check Power School for assignments. In addition, the parent/student are encouraged to check the teacher's google/calendar or website for assignments.
- K. **Buddy System.** Students are encouraged to use the "buddy system" in all classes. Be sure to have another student's phone number and call to discuss the assignment if you are absent. This student should also gather hand-outs which were distributed during the absence.
- L. **Technology Center Attendance.** Students who attend the Technology Center are under the same attendance expectations of Mattawan High School students. Not following this attendance policy may render a student ineligible to continue pursuing their education at the Technology Center. A student's absence must be reported to the Technology Center office at 269-674-8001.
- M. **When Parents are Out of Town.** On those occasions when parents must be out of town, they are requested to notify the school of who is responsible for their student(s) in writing.

AUTOMOBILE USE

- A. Prior to operating a motor vehicle on school property, a student must complete the Student Motor Vehicle Operation form. A student who operates a vehicle on school property is considered to have given consent to search of the vehicle with or without cause by school officials or police officers. Search may include, but not limited to, the passenger compartment, engine compartment, trunk and all other areas and containers, locked or unlocked in the vehicle. A parent or guardian who grants permission for his/her student to operate a vehicle on school property is also considered to have given such consent to search of the vehicle.
- B. The following regulations regarding the operation of motor vehicles must be followed. Any violation could result in revocation of the privilege to operate a motor vehicle on school premises and additional disciplinary consequences.
 - 1. Students are encouraged to enter and exit the high school campus via Western Avenue.
 - 2. Student may not park in the circle drive or employee lot between the middle school/high school during the school day. Student may not enter or exit the student lot south of the high school to or from Murray Street between 7:15 am-7:55 am and 2:30 pm-2:50 pm. A gate between the middle school/high school enforces this regulation. Mattawan High School reserves the right to close the gate when necessary.
 - 3. During school hours, students must park between the designated yellow lines. A student whose vehicle is illegally parked may receive a ticket from the Mattawan Police Department, a school suspension, and/or may be towed at the owner's expense. The police will be notified when a vehicle is towed.
 - 4. Once parked on school grounds, students are expected to vacate their vehicles. Students may not access vehicles during the school day without permission from the main office.

6. Cars will remain locked and unoccupied during the school day and during lunch hours. Because of possible vandalism of cars, it is recommended that students take every precaution to protect their vehicle and its accessories. Mattawan Consolidated School is not responsible for theft or damage to vehicles while parked on school grounds.
 7. Vehicles must always be operated in a safe and prudent manner. Police are authorized to monitor and ticket all driving violations which occur on the Mattawan Consolidated School campus.
 8. Students who have been authorized to leave the parking lot early must leave the school grounds immediately.
- C. Loss of school driving privileges may occur for students who violate the student code of conduct (i.e., reckless driving, excessive absences). Additional school disciplinary consequences may also be applied.
- D. Technology Center Driving Policy. The Mattawan Board of Education allows driving and riding to the Technology Center in Lawrence when appropriate school policies and procedures are followed. Riding/driving permits must be completed and returned to the high school office for administrative approval. Any student not adhering to the Technology Center driving policy will lose their driving privilege and be subject to other disciplinary action, including suspension from school.

BUILDING ACCESS/SECURITY/STUDENT IDENTIFICATION

In order to maintain a safe and secure building, students must be in possession of their school ID at all times. Students will be required to show their school ID when entering the building during school hours. Students may not be allowed to enter the building during the school day without their ID. During school hours, students should only enter through the main lobby doors. Students shall not provide access to others by the opening of the locked, secure doors. Students may face disciplinary consequences if they are found to have provided unauthorized access to the school building.

BULLETIN BOARDS/POSTERS/SIGNS

Students must obtain administrative approval prior to posting and/or distributing materials within the school, on school transportation, or at school sponsored events. Designated bulletin boards are provided for authorized posting of materials. No signs or posters are to be posted on any surface without the expressed consent of an administrator. Signs and posters should be removed promptly after the activity is completed. Unauthorized posting and/or distribution will result in disciplinary action.

BULLYING, INTIMIDATION, AND HARASSMENT

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important school goals.

Bullying on the basis of actual or perceived race, color, national origin, immigration status, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

- During any school-sponsored education program or activity.
- While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or

- activities.
- Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
- Through the transmission of information from a computer that is accessed at a non school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

COMMUNICATIONS

To achieve goals in social settings, teams of people need to collaborate. Two-way communication, which is honest, timely, and purposeful, fosters a sense of community, shared purpose, and teamwork. The following vehicles have been established to foster positive relationships between parent(s) and the school:

- A. Phone/Voice Mail/E-mail. All staff members have phone extension and e-mail address that can be accessed 24 hours a day, seven days a week.
- B. Power Schools. Web-based tool for students and parents to access grades, classroom assignments, attendance, and discipline information.

The counselors and/or social worker will also meet with groups of students during the year for various reasons. Students wishing to talk with a counselor or social worker may arrange to do so by filling out an appointment slip. Appointment slips are available in the Guidance office.

CREDIT THROUGH EXAMINATION - (Testing Out)

The Michigan School Code requires that schools provide an opportunity for high school students to "test out" of any course. "Testing-out" in the Michigan Merit Curriculum is an option to demonstrate that a student meets or exceeds the content expectations associated with the subject credit area. The purpose of the "test out" option is to ensure that students are placed in challenging courses, and that academically able students have the opportunity for Advanced Placement and college dual enrollment options during their high school careers. For further information regarding "testing out," please refer to our Mattawan High School Course Guide and contact the Guidance Office for specific details regarding test out.

DANCES

Dances are school events and inappropriate dancing will not be permitted (i.e., moshing, slamming, freaking, running, and especially, sexually explicit dancing). The following guidelines have been established for Mattawan High School dances:

- A. Only high school students will be allowed to attend Mattawan High School dances, with the exception of Homecoming and Snowcoming, to which alumni are invited.
- B. Students from other high schools may attend dances as guests of Mattawan students provided they are registered with a student's team office the day prior to the dance. One guest pass is allowed per Mattawan student. The guest must be a high school student in good standing at their school. Mattawan students are responsible for the actions of their guests.
- C. Once a student arrives/enters the building for a dance, they may not leave the school and return without adult supervision.
- D. Dances will end at 11:00 pm. This is to accommodate probationary drivers between the ages of 16 and 17.
- E. All school rules and policies are in effect at dances.

DISCIPLINE

The student code of conduct exists to help students identify and refrain from inappropriate and unacceptable behavior. The student code of conduct applies:

- To all students who are on school property, at school related events, or in a school vehicle.
- When a student(s) conduct at any other time or place has a direct and inappropriate effect on maintaining order and discipline, or on protecting the safety and welfare of student or district staff.
- When a student is using school telecommunication networks, accounts, or other district services.

Disciplinary interventions are necessary when working to modify student behavior. The administration of these consequences will be progressive in nature and begin at a level established by the high school administration. Typically, failure to comply with behavior expectations will result in one or more of the following:

- A. Teacher/student and/or teacher/parent conference.
- B. Counselor and/or administrative referral for appropriate intervention.
- C. Detention: academic time spent with a teacher/administrator during lunch, before and/or after school in which students are expected to complete school work and/or make-up time wasted/missed. Students who arrive late or violate the detention guidelines will be required to serve an additional time and/or face further disciplinary action.
- D. Social Restriction. Students who violate the discipline code may lose the privilege of attending or participating in student activities, passing time, social time before and after school, and lunch time. In addition, a student on social restriction may be placed on an alternative schedule.
- E. Community Service. Students who violate the discipline code may be required to complete some form of community service as reparation for their behavior. This may include cafeteria duty, cleaning the building, parking lot, buses, or other forms of community service deemed reasonable by the administration.
- F. Restitution. Students who violate the student code may be required to compensate the violated party through financial means. This sum of money may include any costs that are accrued by Mattawan Consolidated School staff for work completed due to the infraction. In the event of loss, the student may be responsible for the entire replacement cost of the item(s).

- G. Confiscation. In the event of a student being in possession of unauthorized item(s) or item(s) deemed inappropriate for school, the student may have the item(s) removed from their possession. Depending on the degree of inappropriateness, the student may or may not receive the item(s) back. If item(s) are unlawfully possessed, they will be turned over to the proper authorities for disposition.
- H. Schedule Change. If a student's behavior is such that it pervasively interferes with the learning opportunities of one or more students, the students schedule may be changed to minimize the disruption. A schedule change may also consist of reducing the number of minutes in a class and/or having students start or end their day at alternate times.
- I. In-School restriction. Academic time spent during the school day, in which students are isolated from their peers, and academic, socio-emotional and/or behavioral interventions are provided. The parent/guardian will be notified of the action taken (verbally and/or in writing).

General In-School Restriction Guidelines:

1. Academic work will be provided to ensure intensive and serious study during the in-school restriction from 7:40 am until 2:35 pm. Work that students complete during an in-school restriction will receive full credit.
2. All homework assigned during the time of the in-school restriction must be completed by the end of the restriction period unless allowed otherwise by the teacher.
3. If a class has a participation/work ethic grading category the student will receive a zero (0) for that portion of the grade for each period that is missed.
4. Teachers may require students to take a test in the in-school restriction room at the same time that the rest of the class is working on the test in the regular classroom.
5. Students may be required to complete community service for the school while assigned to In-School Restriction.
6. It is recommended that students bring their own lunch during the period of restriction. Lunch must be eaten in the in-school restriction room. Sack lunches are available at the same cost as other school lunches. Students will not be permitted to select items from the regular cafeteria lines.
7. While serving an in-school restriction, students must follow the guidelines and rules established for in-school restriction and directions from the adult in-charge. Failure to do so may result in suspension from school.

Restorative Justice

A student may be removed from the classroom, suspended or expelled for persistent disobedience or gross misconduct. If suspension or expulsion for persistent disobedience or gross misconduct is considered, the Superintendent, along with the Building Administration, shall consider the following factors:

- A. the student's age
- B. the students's disciplinary history
- C. whether the student has a disability
- D. the seriousness of the violation or behavior
- E. whether the violation or behavior committed by the student threatened the safety of any student or staff member
- F. whether restorative practices will be used to address the violation or behavior
- G. whether a lesser intervention would properly address the violation or behavior

The Superintendent, along with the Building Administrator, will exercise discretion over whether or not to suspend or recommend expulsion a student for persistent disobedience or gross misconduct. In exercising that

discretion for a suspension of more than ten (10) days or expulsion, there is a rebuttable presumption that a suspension or expulsion is not justified unless the Superintendent, along with the Building Administration, can demonstrate that it considered each of the factors listed above. For a suspension of ten (10) days or fewer, there is no rebuttable presumption, but the Superintendent, along with the Building Administration, will still consider the factors.

A student may not be expelled or excluded from the regular school program based on pregnancy status.

J. Out-of-School suspension. Removal from school (1-10 days) for violations of the discipline code, in which the administration believes that both the student population and/or the student would be better served by the student's removal from school. The parent/guardian will be notified of the action taken (verbally and/or in writing). The student will be readmitted to ISR following all suspensions for academic, socio-emotional and/or behavioral intervention. In most cases, a conference involving the student, parent/guardian, and administrator will be held to review the incident, clarify rules/expectations, and discuss next steps.

General Out-of-School suspension guidelines:

1. When a student must be immediately suspended from school during school hours, an attempt will be made to contact the parent/guardian for transportation home. In the event the parent/guardian is not reached, or transportation cannot be arranged, the student will be isolated from normal school activities for the remainder of the day.
2. Any student who has been suspended will not be permitted to participate in or be a spectator at student activities sponsored by the school during the period of suspension. This includes afternoon and evening activities during a day of suspension. The last day of suspension officially ends at midnight with the student returning to normal activities on the following day.
3. Students who are members of an interscholastic athletic team must refer to the Mattawan High School Athletic Code of Conduct for additional information relating to requirements for participation in interscholastic athletics.
4. Work assigned/assessments given during an out-of-school suspension may be completed/made-up for full credit. However, each day of out-of-school suspension will result in a zero (0) for participation/work ethic credit in each class that assigns participation/work ethic points.

K. Long-term Suspension or Expulsion. Board of Education and/or Superintendent level action taken based upon the recommendation of the building level administration to remove a student from school for a period of time in excess of 10 days up to and including permanent expulsion for gross misbehavior or persistent, malicious, or willful violation of the discipline code. Verbal notification shall be given to the student and parent by a building level administrator when a decision to remove the student from school is made. Within ten days of removal from school, written notification shall be given to the student and parent(s) detailing the alleged violations of the discipline code, supporting evidence, and administrative recommendation for disciplinary action, and hearing guidelines. A hearing will be held within 10 school days, unless otherwise agreed to by both parties.

L. Board Policy on Assault. Board Policy 5610.01 (p. 2 of 9) states that the Board shall permanently expel a student in grade six or above if that student commits a physical assault at school against a District employee, volunteer, or contractor. The Board shall suspend or expel a student in grade six or above for up to 180 school days if the student commits physical or verbal assault at school against another student.

Physical assault is defined as “intentionally causing or attempting to cause physical harm to another through force or violence.”

The Board shall suspend or expel a student in grade six or above if the student commits verbal assault at school against a District employee, volunteer, or contractor, or makes a bomb threat or similar threat directed at the school building, property, or a school-related activity.

Verbal assault is defined as “a communicated intent to inflict physical or other harm on another person, with the present intent and ability to act on the threat.”

FINAL EXAMS

Students are required to take final exams in many classes. Exam schedules will be distributed in advance of the completion of the semester. Students absent from exams must make special arrangements with their teachers and/or an administrator for make-up of the exams. Exams may weigh as much as one-fifth (20%) of the final semester grade.

GRADES AND GRADE POINT AVERAGE

A. Students will be graded in ninth through twelfth grades using letter grades. In computing grades, the following letter grade/numerical value system of computation will be used:

A = 4.00	B = 3.00	C = 2.00	D = 1.00
A- = 3.67	B- = 2.67	C- = 1.67	D- = 0.67
B+ = 3.33	C+ = 2.33	D+ = 1.33	F = 0.00

- B. A student must achieve a minimum of a D- (0.67) in order to be given credit for a course. Incomplete grades must be addressed within two weeks after the grade has been assigned unless other arrangements have been made with an administrator, otherwise the grade will become an F.
- C. A grade point average is established at the end of first semester freshman year. The grade point average is calculated based on a student's final semester grade in each course. That grade point follows a student throughout their high school years, and has the potential to change at the end of each semester. Therefore, what a student earns during their freshman year impacts their final GPA. The grade

point average shall be rounded to the nearest hundredth column using standard rounding procedures. Five (5) or more shall be rounded up. Four (4) or less shall not be rounded.

- D. Grades are reported to parents at the end of each marking period, as well as routinely posted on PowerSchools so that students and parents can check current academic achievement from school or home. Upon request, office personnel or the student's teacher will print a copy of her/his grades. Please contact teachers if you have concerns about student grades.

A Mattawan High School course designated as Honors or Advanced Placement (AP) may be awarded honor points because of its high level of rigor and expectation. The initial grade a student earns in an Honors or AP course shall be increased by 1.0 grade point (i.e., a student who earns a 3.0 will be awarded a 4.0 for the Honors/AP course), except in the case of an F, when no honor points will be awarded.

INJURY/ILLNESS

If a student is injured or becomes ill during school or a school related function, parents will be notified as soon as possible. Ill or injured students are to report to the High School Office for assistance. Only emergency first aid will be given. In cases of serious injury, emergency personnel will be called and the student will be transported directly to the hospital, unless parents have notified the school to the contrary.

LAW ENFORCEMENT

The school resource deputy is responsible for enforcing all laws on Mattawan Consolidated School property. The school resource deputy is housed in the high school and is available as a resource for students and parents regarding legal issues. If a student/parent would like to contact the school resource deputy, a contact can be made to the high school office. The resource deputy assists in the enforcement of all

Mattawan Consolidated School policies and procedures, as well as state and federal laws. The school district's administration shall act in a manner which protects and guarantees the rights of a student in the absence of their parent/guardian.

LOCKERS

Every student is provided a locker and is responsible for its care and contents. It must be understood that lockers are school district property. Lockers should be kept orderly and closed. For security reasons, it is strongly recommended that students not provide their locker combination to others. The school reserves the right of reasonable access to student lockers. Students are not permitted to damage their lockers in any way or attach articles specific to alcohol, drugs, discrimination, sexual, or violent activity.

LOST AND FOUND

Items that have been lost or found shall be reported to the Student Activities Office. Articles that are turned into the Student Activities Office will be held for a reasonable length of time and, if unclaimed, will be donated to a charitable organization.

MEDIA CENTER (IMC)

Students are welcome to come to the media center before or after school, from a class with a pass from their teacher, or, if prearranged with the media specialist, during lunch hour. The media center is a place for quiet study and is open daily from 7 am to 4 pm except on Friday when hours are 7 am to 3:30 pm.

MICHIGAN MERIT EXAM (MME/SAT/MEAP)

Students are required to attempt and complete without infraction all sections of the high school proficiency test required by the District, State of Michigan, and Department of Education unless waived by an administrator in order to be eligible for graduation.

NATIONAL HONOR SOCIETY

Membership in our local chapter of the National Honor Society has been established through the National Association of Secondary School Principals. Students who wish to become members of the National Honor Society may apply following the first semester of their Sophomore year. Eligible students must have earned a cumulative unweighted 3.50 grade point average or higher, as well as demonstrated exemplary character, leadership and service to the school and community. To apply, students must submit the official NHS application that is available in both team offices. Eligible applicants will be interviewed for membership by a panel of teachers that includes the NHS adviser. Students selected will be inducted at our annual induction ceremony in April. Students who do not fulfill the obligations of membership as outlined by the National Honor Society of Secondary Schools will be dismissed.

RECOGNITION OF STUDENT ACHIEVEMENT

Staff are encouraged to recognize students for achievements. Areas that may merit recognition include but are not limited to academics, athletics, citizenship, fine and performing arts, clubs and organizations, and community service. In addition, the following building level recognition is provided to students:

- A. Honor Roll. An honor roll shall be established at the end of each high school semester of the academic year for the purpose of recognizing special achievement by students. The honor roll designation shall be divided into two (2) separate categories. There shall be a high honors roll and an honor roll.
 1. The high honors roll shall be comprised of students that:
 - a. achieve a grade point average of 3.50 and above;
 - b. achieve no grade lower than a C range.
 2. The honor roll shall be comprised of students that:
 - a. achieve a grade point average 3.10 to 3.49;
 - b. achieve no grade lower than a C range.
 3. Pass/fail or credit/no credit Course work will not be included in computation of grade point average. Students that receive a pass/fail or credit/no credit for a class will not be eligible for honor roll status unless the course for which they receive a pass/fail or credit/no credit is in addition to the six instructional periods taken during the regular school day or the class is approved by the high school principal as a credit/no credit offering.
 4. Honor points for honors classes shall be included in computation of grade point averages used for Mattawan High School academic recognition.

5. Special education students are eligible for honor roll status if the special education student has earned credits at a comparable rate to that of regular education students in the same grade level.
- B. Senior Recognition. Annually, the teachers, counselors, and administrators of Mattawan High School present department and building awards during the Senior Class Honors Program. Seniors are honored for their academic accomplishments, leadership, work ethic, attitude, and service. Department awards are presented in Applied Arts, Business, Computer Technology, English, Fine and Performing Arts, Foreign Language, Life Management & Wellness, Mathematics, Science, and Social Studies along with awards from the Van Buren Tech and PALS. The following criteria shall be used in determining academic awards for students of a graduating senior class:
1. Class rank for senior awards shall be computed by averaging all final grades received in their high school classes up to and including those grades received through the first semester of their senior year (seventh semester of high school). The grade point average shall be rounded to the nearest hundredth column using standard rounding procedures. Five (5) or more shall be rounded up. Four (4) or less shall not be rounded up.
 2. A final class rank will be computed at the end of eight (8) semesters (twenty-four (24) credits).
 3. In determining class rank, the numerical system listed in Item C of this implementing procedure shall be used.
 4. Honor points for Honors and/or AP classes shall be included in computation of grade point average used to recognize student achievement.
 5. Pass/fail or credit/no credit course work will not be included in computation of grade point average. Students that receive a pass/fail or credit/no credit for a class will not be eligible for honor roll status unless the course for which they receive a pass/fail or credit/no credit is in addition to the six courses taken during the regular school day or the class is approved by the high school principal as a credit/no credit offering.
 6. To be considered for senior academic awards, students must have completed twenty-one (21) credits by the end of the student's seventh semester.
 7. A list of the top ten percent (10%) of the graduating seniors shall be developed in alphabetical order by the last name of the student. In determining the top ten percent (10%) of the students, the number of students shall be rounded up to the next tens (example: 213 actual students would be rounded up to 220, resulting in twenty-two (22) students being placed on the listing for the top ten percent (10%)). Recognition of the top ten percent (10%) of the graduating class shall be based solely on the grade point average of all eligible seniors using the GPA of the student at the end of the student's seventh semester.
 8. The following standard shall be used to determine special academic recognition:

Summa cum laude	4.10 GPA or higher
Magna cum laude	3.80 GPA through 4.09 GPA
Cum laude	3.50 GPA through 3.79 GPA
 9. In addition to the senior class president providing a welcome at commencement, two (2) additional graduating seniors that have achieved the level of Summa cum laude at the end of the seventh (7) semester will be selected to speak at commencement. The two (2) speakers will be selected by a panel appointed by the high school principal using criteria established by the principal. If the senior class president chooses to audition to be a panel-selected speaker and is chosen, the senior class vice-president shall provide the welcome at commencement.
 10. Graduating seniors that achieve Summa cum laude at the end of seven (7) semesters are authorized by Mattawan Consolidated School to list "co-valedictorian" on college application forms if the

student is applying for a college scholarship that is only open to students that have been designated as a valedictorian upon graduation from high school. Except in this instance, a graduating senior is not authorized to use the co-valedictorian designation.

RESTORATIVE JUSTICE (See DISCIPLINE)

SAFETY SUPERVISOR

Experience tells us that when adults are present in students' lives, they are more likely to make good decisions. The responsibilities of the safety supervisors are as follows:

- A. Monitor and supervise student movement in the hallway during class time
- B. Greet and assist guests to the high school
- C. Check restrooms
- D. Monitor and supervise the student parking area including student driving and parking
- E. Monitor and supervise students during their lunch period and when asked at co/extra-curricular activities
- F. Monitor and enforce tardy and attendance policies
- G. Other tasks assigned by the principal or designee

SCHEDULING

The Student Service Team assigns students to the appropriate courses based on their Four-Year Educational Development Plan (EDP), course selections sheet, prerequisite course work, achievement and attendance data, student needs, and available space. Students may be denied course enrollment due to a lack of available space or the need to pass prerequisites. Schedules are provided to each student prior to school or upon enrollment. Parents may request a particular student placement into a course by completing the K-12 Student Placement form. K-12 Student Placement forms are available on line on the high school's web page under downloadable forms or in the main office. The deadline for submitting request forms for the following school year is The first Friday in May each year. Given the time and input provided in the development of each student's schedule, we do not anticipate needing to make changes unless a student is inappropriately placed in a course, where s/he has not fulfilled the prerequisite credit, has an incomplete schedule, or is scheduled into a course where s/he has previously earned credit. We typically do not accept student requests for changes that reduce the rigor of their schedule, switch class periods, or rearrange their classes to be with friends or a specific teacher. Any questions or concerns about a student's schedule should be discussed with their counselor.

SEARCH AND SEIZURE

To maintain order and discipline in the school and to protect the safety and welfare of students and school personnel, school authorities may search a student and/or a student's locker, vehicle, desk and personal effects under the conditions defined in IP 5771. Any illegal, unauthorized or contraband materials discovered in the search may be confiscated and turned over to the police. Students are expected to assume full responsibility for the security of their person, vehicle, lockers, desks, and personal effects. Students should not expect privacy regarding items brought on school property because such property is subject to search at any time by school officials. A student's failure to permit searches and seizures as provided in this policy will be subject to disciplinary action.

The following procedures shall be used when a school administrator has reasonable suspicion that a student may have in her/his possession evidence that a rule or law has been violated:

- A. All requests or suggestions for the search of a student or her/his possessions shall be directed to the principal, or designee.
- B. Upon approval of principal or designee, an administrator may conduct a search.
- C. When possible and practical, an adult third party shall be present at any search of a student or her/his possessions.
- D. When possible and practical, the student shall be present at any search of her/his possessions.
- E. When possible and practical, before conducting a search, the administrator shall notify the student, request her/his consent to the inspection as outlined in Section C of this procedure and inform the student that she/he may withhold consent. However, with reasonable suspicion, an administrator is authorized to conduct a search with or without the consent of the student.
- F. The administrator shall be responsible for assuring the appropriate custody, control and disposition of any illegal or dangerous substance or object taken from a student.
- G. The administrator shall be responsible for assuring the prompt recording of each student search including date, time and location. The record shall be in writing and shall include the reasons for the search, the persons present, the objects found, if any, and the disposition made of them. Evidence shall be kept in a secure location in her/his office.
- H. Whenever the search is prompted by the reasonable suspicion that possession of a substance or object immediately threatens the safety and health of the student or others, the administrator shall act with as much speed and dispatch as required to protect persons and property in the school while keeping clearly in mind the student's rights and the potential consequences of inappropriate or hasty action.

SENIOR TRIP

Traditionally senior class members participate in a class trip as a culminating experience. Arrangements for the trip are made by class officers in concert with their faculty advisers and building administrators. Students suspended during the time of the trip will forfeit their right to attend. The administration reserves the right to withhold participation from a student who has demonstrated repeated or willful violation of school rules. Additionally, a senior who chooses to engage in improper activity during the senior trip, may lose the right to participate in commencement activities, including the graduation ceremony.

SPORTSMANSHIP

It is the expectation of Mattawan Consolidated School that participants and spectators exhibit appropriate decorum. Positive support of individual players and the team is encouraged. Negative behavior that detracts from the positive experience is not acceptable. Taunting is strictly prohibited. The MHSAA defines taunting as any action or comments by coaches, players or spectators which are intended to bait, anger, embarrass, ridicule or demean others, whether or not the deeds or words are vulgar or racist. Included is conduct that berates, needles, intimidates or threatens based on race, gender, ethnic origin or background, and conduct that attacks religious beliefs, size, economic status, speech, family, special needs or personal matters. Examples of taunting and negative behavior that would lead to ejection/removal from premises include but are not limited to, "trash talking," physical intimidation outside the spirit of the game, reference to sexual orientation, "in the face" confrontation by one player or spectator to another, fighting, holding up newspapers during the introduction of the opposing team, excessive pointing and/or chanting at individual players, etc. Participants and spectators exhibiting disruptive and/or negative behavior will be removed from the premises. Persons exhibiting repeated negative behavior may be restricted from attending student events.

STUDENT ACTIVITIES

Mattawan Consolidated School believes that a well-rounded school experience includes involvement in student activities and encourages students to participate in one or more of them. A student that attempts to participate in several student activities may be in a position of conflict between two obligations. Mattawan High School recognizes that each student should have the opportunity for a broad range of experiences, and to this end, will attempt to schedule events in a manner to minimize conflicts. Students have a responsibility to do everything they can to avoid conflict. This includes being cautious about belonging to too many activities where conflict may occur. If the potential for conflict exists between two school sponsored activities, the student must talk to the coach and/or director prior to becoming involved in the activities. When a conflict arises, the student must bring it to the attention of the director/coach in a timely manner, and the director/coach will attempt to work out a solution so the student does not feel caught in the middle. If a solution cannot be found through the process, the Director of Student Activities will make the decision based on the following:

- A. The relative importance of each event.
- B. The importance of each event to the student.
- C. The relative contribution the student can make.
- D. How long each event has been scheduled.
- E. Conversation with parents.

Once a decision has been made by the staff and the student has followed that decision, he/she will not be penalized in any way by either the teacher or coach. If it becomes obvious that a student cannot fulfill the obligation of the school activity on an on-going basis, he/she should consider the effect on their grade or withdrawing from that activity.

Extracurricular Opportunities offered to Mattawan High School students include , but not limited to:

In addition, if a student would like to initiate a new club they should speak with the Director of Student Activities. STUDENT CONCERNS, SUGGESTIONS, AND GRIEVANCES

The school is here for the benefit of the students. The staff is here to assist each student in becoming a responsible adult. If a student has suggestions that could improve the school, s/he should feel free to offer them in a constructive manner. When concerns or grievances arise, the best way to resolve the issue is through communication. For example, if there is a question about a classroom grade, start with the classroom teacher. No student will be harassed by any staff member or need fear reprisal for the proper expression of a legitimate concern.

If a student/parent has a question or concern about the student's grade, progress in the class or treatment, the student/parent should:

- A. Contact the teacher to arrange a time to meet and discuss the question or concern.
- B. If the student/parent feels unsatisfied after the meeting, the student/parent should contact the student's counselor to arrange a time to meet and discuss the concern.

- D. If the student/parent feels unsatisfied after the meeting, the student/parent should contact the Principal to arrange a meeting and discuss their concern.

STUDENT VALUABLES

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, large quantities of money, and the like, are tempting targets for theft. The school cannot be responsible for their safe-keeping and will not be liable for loss or damage to personal valuables. If a student elects to bring personal items to school they should be kept locked in their locker(s) and not left unattended.

No student under the age of eighteen (18) will be allowed to withdraw from school without the written consent of his/her parents.

VISITORS

Visitors to the school should enter via the circle drive entrance. Parent wishing to visit should make arrangements in advance with the student's teachers prior to the intended visit. All visitors must have a valid ID or driver's license and sign-in at the main office via Lobby Guard. Other visitors are not permitted to visit class or be on campus during the school day without the expressed approval of an administrator. Typically, student visitors are not permitted when school is in session.

WORK PERMIT

The law requires students under the age of 18 to have work permits completed by their employers. Applications for work permits are available in the main office. After an employer has completed their section of the work permit, a student and/or parent may seek authorizing signatures from the school.
